

# Air Quality Survey Results

01

The Wokingham Air Quality Project is delivered by Intelligent Health in partnership with My Journey, Wokingham Borough Council and funded by Defra

# Air Quality in Wokingham Survey

To find out what people do, do not  
know around air quality and pollution.

We had 51 people take part.

- Please tell us to what extent you agree or disagree with the following statements.

63%  
Agree

I feel I have good  
understanding of  
what air quality  
means.

---

25% Strongly Agree

8% Not Sure

4% Disagree

54%  
Agree

I feel I have a good understanding of the impact of air quality on a person's health.

---

36% Strongly Agree

8% Not Sure

2% Disagree

52%  
Agree

I feel I have a good understanding of the impact of air quality on the environment.

---

28% Strongly Agree

18% Not Sure

2% Disagree

2. If you have children do you know if they are taught about air quality at school?

A close-up photograph of a child's hands drawing on a piece of graph paper. The child is using a red pencil to draw a line. The background is a solid blue color. The text "59% Did not have children" is overlaid on the blue background.

# 59% Did not have children

41% Who did have children

27% Not sure

10% Yes

4% No

3. Do you think there needs to be more information and awareness available to the public about air quality and pollution and how it might impact us?

50 / 51  
people  
said Yes!

4. How would you prefer to receive information on air quality and its impact?

01 33% said  
Social  
Media

02

31% said through Public  
Health Campaigns

03

18% said Newsletters

04

12% All of the options,  
radio and newspaper

05

6% said through schools

# Conclusion

01

People want more information available about air quality

02

That social media and a health campaign would be the most popular choice to do that.

03

More scope to deliver in schools

# Wokingham Air Quality Project

01

Developing and delivering resources to schools such as activity booklets, competitions, sharing sustainable travel initiatives, digital lesson and events.

02

Spreading awareness via Social Media

03

Look to work with schools and public health to create a campaign towards clean air day

We recommend anyone else to follow My Journey Wokingham's Facebook and Twitter pages and sign up for our monthly newsletter.

Watch out also for our Air Quality trail and competition coming this Easter!
