## Brief History

### Development of Finchwood Park

Finchwood Park features a remarkable expanse of over 140 acres of green open space, drawing on the heritage and unique character of the local landscape, a woodland setting that has evolved over centuries. Finchwood Park has been designed to create walkable neighbourhoods well-connected to village amenities as well as cycle links.

Trees and hedgerows, woodland clearings and water courses each offering an abundance of ecological and wildlife habitats. New infrastructure will include new parkland and public gardens, play areas and outdoor sports areas. 50% of Finchwood Park will be public open space.

### History of Finchampstead

The parish church of St James with its 12th century origins, old Roman roads and distinctive wide 'Ridges' forged through the area, Finchampstead's history can be seen in every inch of the landscape.

Finchampstead village itself sits at the top of Fleet Hill in a richly wooded area once part of Windsor Forest and hunting places of royalty. A local tale tells of Henry VII bringing his son to the Finchampstead Ridges to meet his bride-to-be, Catherine of Aragon.

Finchampstead is said to have derived its name from the large variety of finches that still populate the area.

### Arborfield Cross Relief Road

A new road bypassing the village of Arborfield has just been built. You can join this new road on the A327 Eversley Road which is a short distance from Finchwood Park.

## Walking is simple, free and one of the easiest ways to get more active, lose weight and become healthier

Cambridge University researchers have found that a brisk walk every day has substantial health benefits.

Incorporating walking into your lifestyle will go a long way in helping your health and well-being.

The My Journey Wokingham website can be used to discover walking routes in your local area or to plan walks to your local shops, services and other amenities.

### Places to Walk to

## Cycling is a low impact type of exercise which can help you lose weight, reduce stress and improve your fitness

It is often quicker to cycle than travel by car for local journeys in Wokingham, particularly during busier times.

The cycle network in Wokingham Borough is continually being improved and there is a greenway (for cyclists/walkers) between Commonfield Lane, Arborfield and Finchampstead Baptist Centre.

Cycling is one of the easiest ways to fit exercise into your daily routine. For example you could cycle to work or Wokingham station a few days a week.

Visit the My Journey website for the latest copy of the Western Area Cycle Map, information on local bike events, training courses for adults and children as well as discounts at local retailers and much more.

### Approximate Journey Times

Wokingham 

We save 1560kg  
CO2 each year  
between us!

Arrange to travel together and share the cost, whilst reducing congestion and pollution at the same time

### Electric Vehicles

Electric vehicles are better for the environment, cheaper to run and cheaper to maintain.

Pure electric vehicles have zero exhaust emissions, which means they do not emit any harmful exhaust emissions in the local environment.

Depending on your electricity deal and how efficient your electric car is, you could drive for as little as 2-5p per mile. Electric charging points are provided locally in the Carnival Pool and Shute End Car Parks in Wokingham. There are also electric charging points at Wokingham, Fleet and Farnborough train station car parks.

### Car Share

Car sharing is a great way to reduce the costs of travelling by car. It is also a great way to meet new people and help the environment.

There is a public car share database available to search for other people looking to car share around your area.

Visit: [www.liftshare.com](http://www.liftshare.com)

### Smarter Driving

Smarter driving can help keep you safe and cost you less. Here are some tips for smarter driving:

- Check your tyres are at the correct pressure to help the car run more efficiently
- Remove unnecessary weight from your car like heavy equipment, roof racks or items in your boot
- Make sure your car is serviced regularly to ensure it is running as efficiently as possible
- Avoid wasteful fuel consumption with engine idling or air conditioning

### Electric Car Charge Points

New electric car charge points are to be installed at Finchwood Park.
